## **IMPORTANT DIRECTIONS TO CUSTOMERS**

**By carefully observing the following directions, mistakes and misunderstandings will be very largely avoided**

### **How to Order**

Be careful to sign your name, box number, street or rural route, post office and State on every order. Be sure to tell us your nearest express or freight office should you desire the seed or merchandise forwarded by express, freight or truck line.

### **Cash With Order or C.O.D.**

Ours is a cash business. Prices are made on that basis. Customers are requested to remit when ordering and by so doing save the C.O.D. fee charged by express companies, banks, and postal authorities for collecting and returning money.

### **Perishable Items Not Sent C.O.D.**

Perishable items such as rose bushes, nursery stock, seed potatoes, etc., are not sent C.O.D. under any circumstances.

### **How to Send Remittance**

Remittances should be made by money orders, checks or cash. **Please do not send stamps.**

### **Transportation Charges**

Please bear in mind that the postpaid prices indicated in this price list include delivery to any point in Florida only.

In making your order do not fail to include the necessary postage when the items you are ordering are not marked "Postpaid." Often especially on small packages, you can save money by taking advantage of the lower parcel post rates. If you fail to include postage, we will necessarily have to reduce the order or send "Express or Freight Collect."

When shipments are to be made by Express or Freight, it is very important to designate your Express or Freight Station.

### **Prices Subject to Change**

The prices indicated in this price list supersede all former quotations, including catalogs and previous price lists.

The price list is printed during the Summer. The market on many items of garden and field seeds, as well as supplies, has not yet been fully established. Consequently, prices on these items indicate value at time these pages are printed. In practically all cases orders will be filled at prices indicated in this price list *but all prices are subject to change without notice.* Write for prices on larger quantities.

### **Return of Seeds for Exchange**

To safeguard our customers and ourselves we will not permit seeds to be returned if the package containing the seeds has been broken. Unbroken packages may be returned for exchange within a period of ten days after we have sent out the seeds, in case a mistake has been made in filling your order, and we will gladly make correction without any expense to you. No customer would want to plant seed that had been returned from broken or opened packages, nor would we feel safe in filling an order with such returned seed. This is one reason we have never followed the policy of putting out our seeds to dealers. Our seeds are never out of our hands until they are sold direct to you through our mail department or through one of our own stores.

### **Warranty and Limitation of Liability**

We warrant that the seeds, bulbs and plants we sell are, at the time of delivery, as described on the container within recognized tolerances; but we limit our liability on this warranty to the amount of the purchase price of such seeds, bulbs and plants. We give no other or further warranty express or implied. **THE KILGORE SEED COMPANY.**

### **INFORMATION REGARDING KILGORE'S ANNUAL CATALOG, AND KILGORE'S FLOWER GUIDE FOR FLORIDA**

Instead of sending out a fall catalog, we are furnishing you with this Fall Planting Guide for Florida. This serves as a supplement to Kilgore's large annual catalog, in which will be found complete detailed cultural directions for all vegetable crops when grown under Florida conditions, along with accurate description of each variety listed. Our annual catalog also contains a complete listing, with prices, of different fertilizers, insecticides and fungicides, sprayers, dusters, Planet Jr. tools, miscellaneous tools and farm supplies, canning equipment, poultry and beekeeper's supplies, a stock of all of which we keep at all times in our fourteen Florida stores, also in our mail order department, Plant City, Florida. If you have misplaced or lost your annual 1949 catalog, we will gladly send you another copy upon request, or send you prices and information you desire with reference to any of the grower's supplies we handle.

Kilgore's large, new Annual Catalog for 1950 will be available about the first of December, 1949. If you do not receive a copy of this valuable book through the mail by the middle of December, just drop us a line to Plant City, Florida, and we will gladly send you a free copy and place your name on our mailing list.

If interested in beautifying your home surroundings with flowers write for "Kilgore's Flower Guide for Florida." Our new edition of this valuable Flower Guide will be available about September 1st, 1949. Send for your free copy.
